

Jus Relax Business Center

Virtual Learning Center

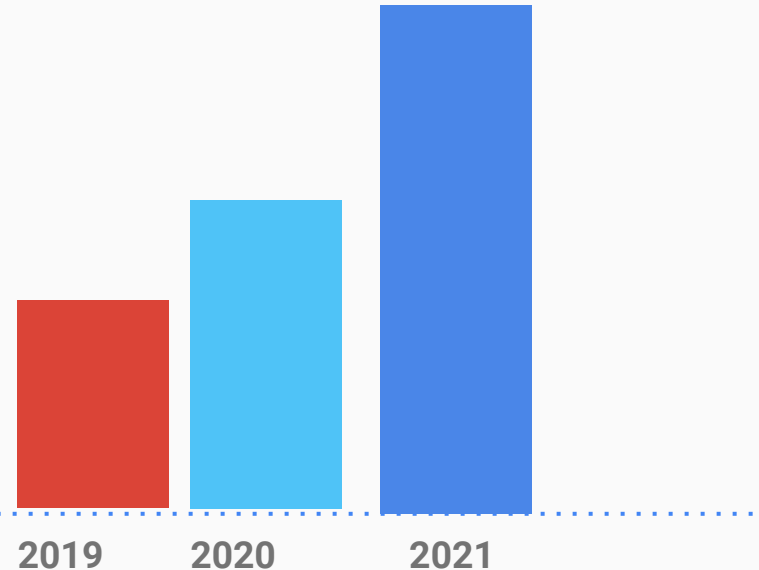

Mission statement:
Providing Teachers an
environment that's
safe and clean in a
Post COVID-19 4.0 era

The problem

Teachers now faced with the problem of teaching virtually.

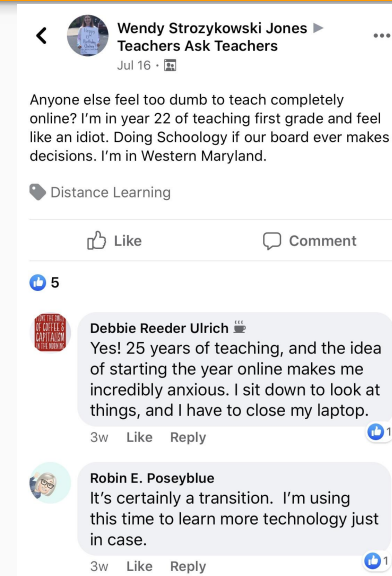

Most teachers do not possess the technical skills to run a network at home or the square footage to properly educate from home to due to background noise i.e family, phones ringing, doorbells etc.

Virtual Learning

The problem

Teachers are facing tremendous anxiety about learning new technologies they have never had to learn to before.

2019

2020

2021

The solution

Jus Relax's Zoom Room is state of the art equipped with a 55 inch monitor, Mac Mini 7th Generation, 150 MBPS wifi, and a one touch broadcast function that perfect for teacher who aren't technology savvy.

Teach from a desk and reach your audience in a micro classroom environment.

Teach Remotely: Have your students learn from our location in our 3 individual rooms.

- 4k Logitech Meetup
- 55 Inch Monitor
- One touch iPad
- Mac Mini 7th Gen
- Stocked Fridge / Microwave
- Amazon Echo
- White Board
- Dial in Conference Capabilities
- 150 MBPS wifi / cat5 connectivity

The team

We take the stress out of remote and online teaching!

Appendix

**Average Zoom Room cost
\$2999.99 each room**

By using Jus Relax's Zoom room schools are saving money by having on onsite IT support staff, broadcast ready equipment, as low as \$25 an hour with bulk discounts as low as \$15 an hour each room.

JUS RELAX

Business and Wellness Center

How it works

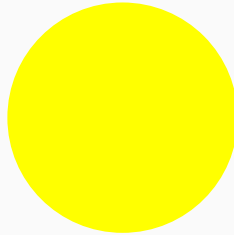

Step 1

Teacher reserves the particular room.

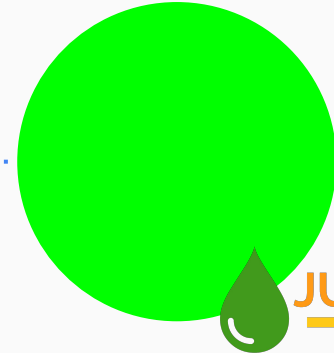

Step 2

Teacher arrives to a pre disinfected room with all the tech accessories needed

Step 3

Teacher broadcasts to students with one touch

The technology: Logitech + Mac + Smart TV

JUS RELAX

Business and Wellness Center

With Covid 19 rampant and schools going to a virtual platform most teachers don't have the capability to teach from home.
