Memberships

Dedicated Desk

Want a space for yourself but don't have the need for an entire office? Our Dedicated Desks are for you! Our Dedicated Desks have secure cabinets and private desks for your customizing pleasure.

\$400+

Private Office

Do you want a full time, completely private office just for you? Need an office for team meetings? Our Private Offices ensure you have a space completely customizable to fit your needs! It comes furnished, but the furniture may be switched out depending on what suits you.

\$800+

Common Day Passes

Only need one day for work? Our day pass provides you with a comfy communal space in which you can complete tasks.

\$25+

Credit Packages

What are credits?

Credits are used to purchase rooms and offices on demand at a discounted rate. **1 credit is 1 hour in most offices or conference rooms.** Bought credits have no expiration date, so you can use them across any stretch of time.

Credit packages are also **stackable**, so you can buy them whenever you need, as often as you need them.

Basic
10 credits
\$150+

Standard
24 credits
\$300+

Why is this one of the best options?

Credit Packages are our best deal. If you book conference rooms or day passes as needed, they are usually \$30, but with credits, it is actually up to **50% cheaper!**

They also give you more financial freedom in terms of only using them when you need the space, so if you only need to meet clients or hold meetings sometimes, this is the perfect plan for you!

Virtual Mailbox

Get a **physical mailing address** at our Coworking space for you or your business.

Securely access your mail in a number of ways, including:

- **Mail forwarding (to your address)**
- **Open, Scan, and Email**
- **Physical mailbox**

Never miss important mail when you're out of town!

Plans **start at \$75 per month** and includes **1 credit** to be used at The Common!

Ask about our **advertising opportunities!**
