Integrated technology and acoustics throughout

Space optimized for security, performance,
and privacy

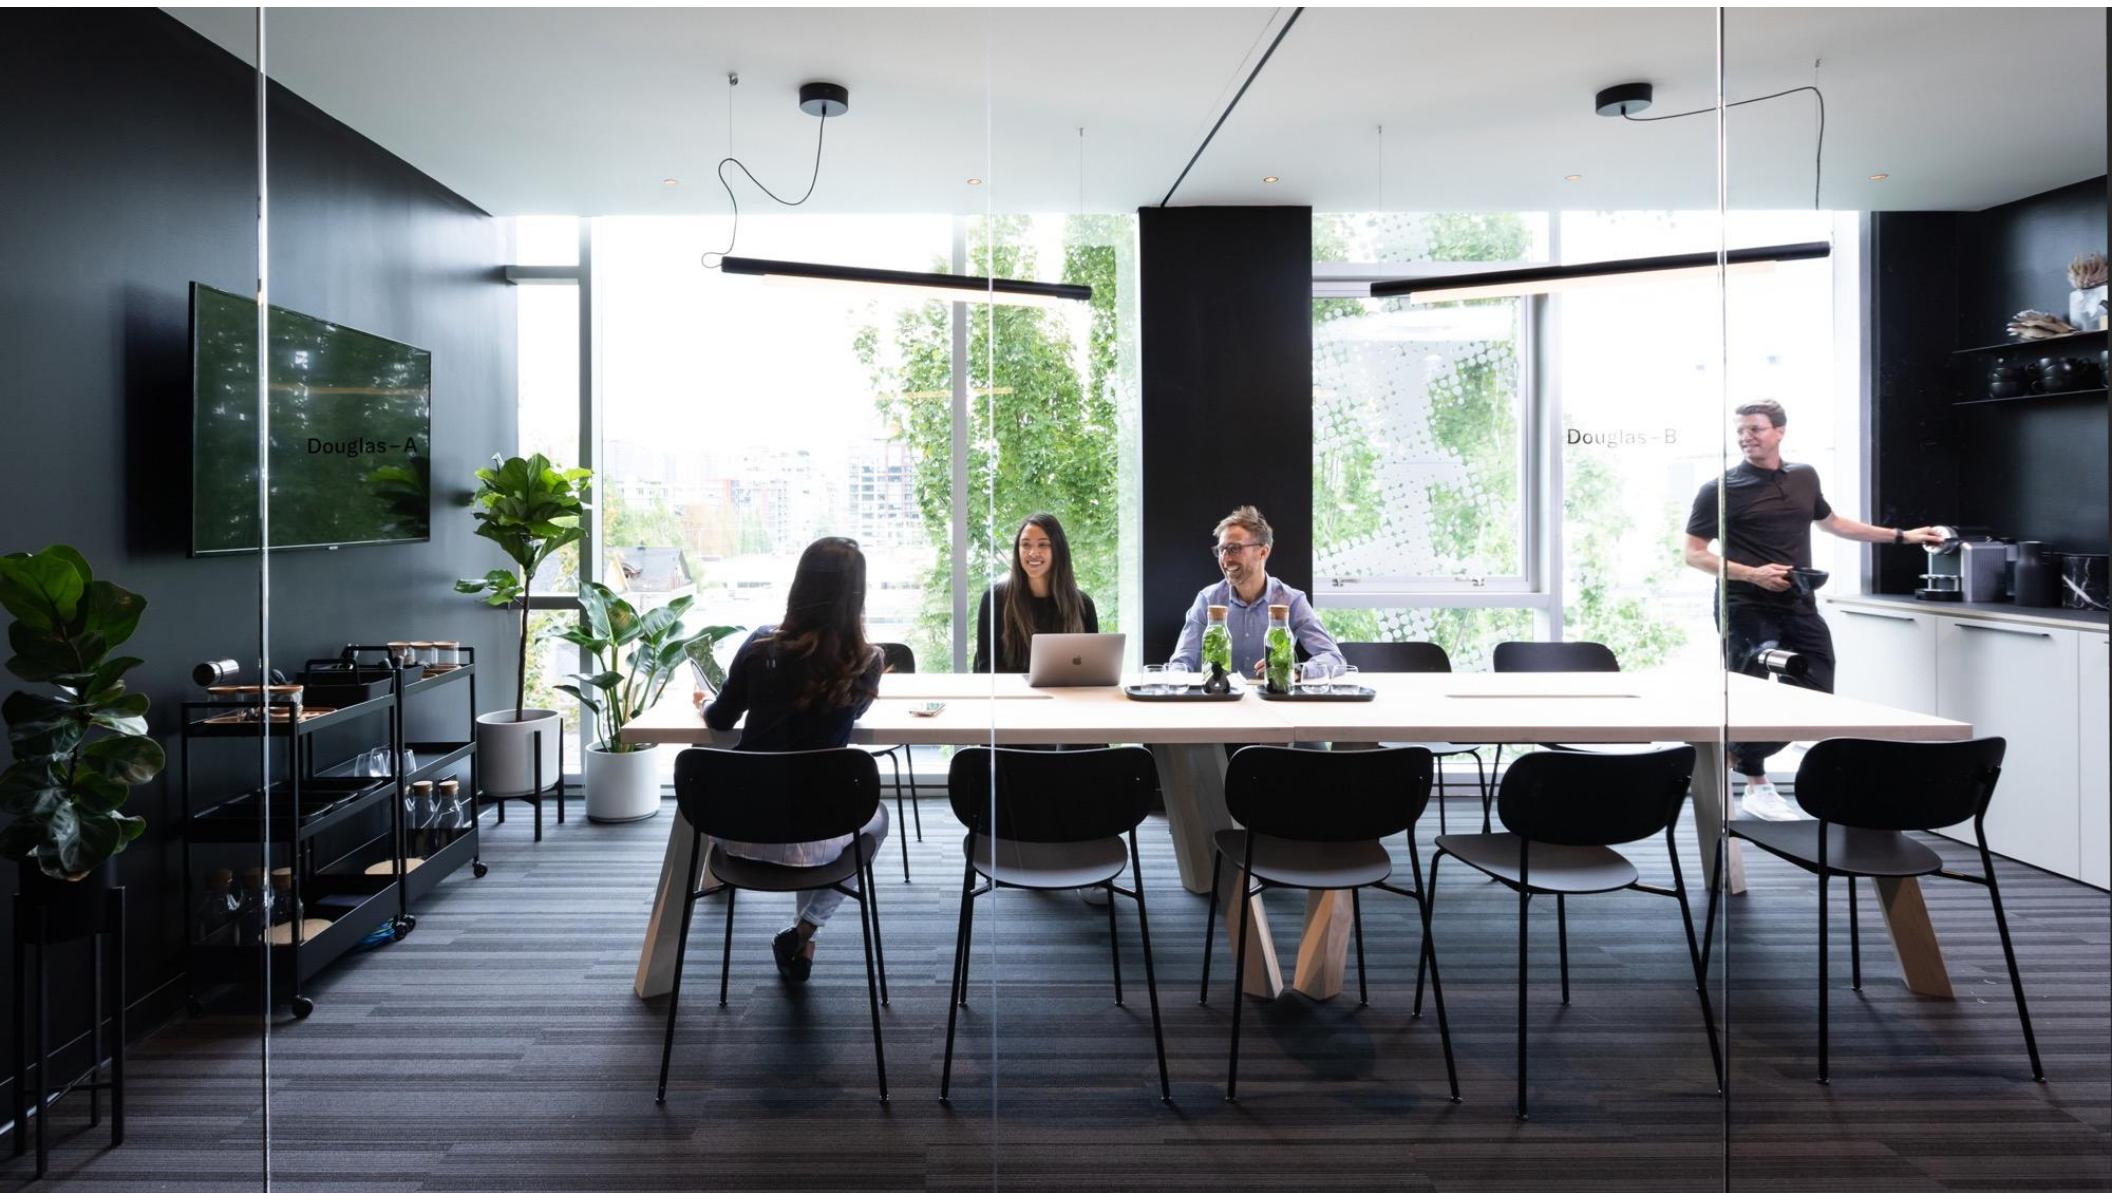

Curated music list

Collaborative work environments

Event programming

Rooftop
Dance Class

Paint Night

Member
Happy Hour

Events Management

Pavilion's dedicated events team curates a variety of events for members. Pavilion partners with local businesses to bring to life monthly events including elevated happy hours, fitness classes, workshops, networking events, and lunch & learns.

Recruitment, retention and simply getting coworkers back into the office is a challenge for many businesses in today's work environment, and the ability for Pavilion to provide our member's opportunities to bring their team back together is a key differentiator when they choose us.

At the root of these events is creating a space for connection, which is vital to the success of these events and the strong community at Pavilion Cowork.

Member Community

Fostering community within our spaces and between our members is an integral part of Pavilion's culture. Part of the Pavilion team's role is to facilitate opportunities for connection by providing frequent updates through Pavilion's Slack channel, the monthly newsletter, and community board, as well as organizing monthly member events.
