The Rochester Hotel: The Flavor of Durango for the past 25 years, the team at the Rochester Hotel — led by the mother-son owners, Diane Wildfang and Kirk Komick — has been devoted to the development of Second Avenue and the Durango community as a whole. The Rochester brand has been built by providing unforgettable experiences, personalized service, and genuine care, resulting in lasting relationships in the region.

After a peaceful night's sleep in one of our luxurious rooms, you will enjoy a gourmet hot breakfast. Homemade granola, fresh baked pastries, fresh cut fruit and locally roasted coffee are served to your table in the lobby. In the afternoon, enjoy our famous, fresh-baked cookies. In the evening, we offer a full-service bar. Also, feel free to hang out and meet other guests and locals in the Secret Garden at the Rochester.

Opening this fall: **R Space at the Rochester**. Come see our community-driven flex space for coworking, collaboration, innovation, training and networking. Memberships will offer a variety of flex desks, meeting, training and conference rooms and high speed internet — all in a space that is inspiring, supportive, convenient and tech savvy.

Stay at the Rochester and experience the Flavor of Durango!
