ONEVALLEY

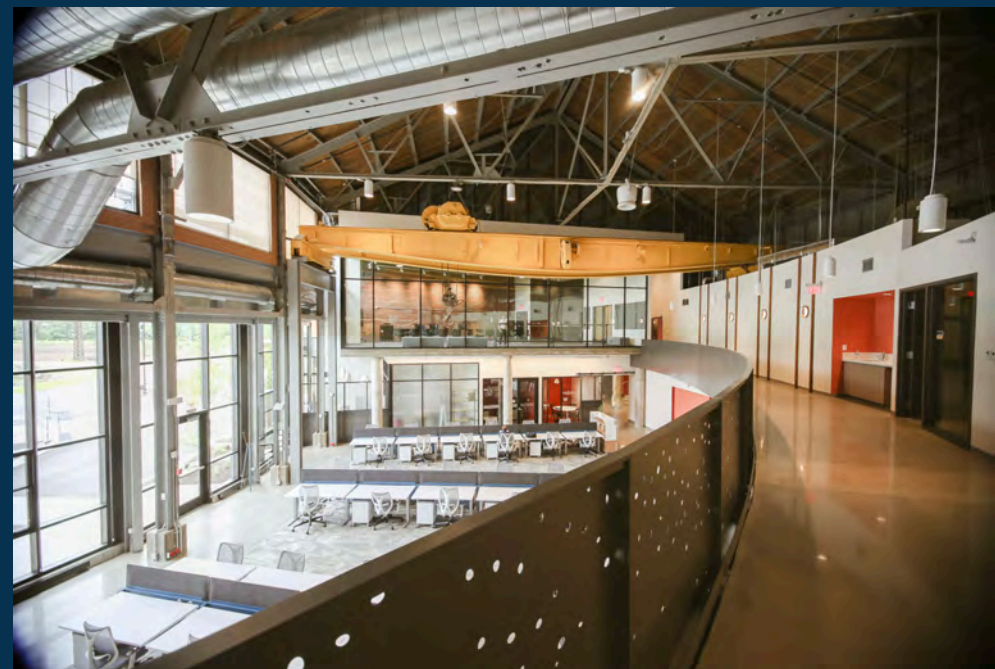

Located off of Blair St. in Hazelwood Green, you'll find our captivating creative work space that offers flexibility and an amenity rich experience built for any size company, whether you're a founder with a billion dollar idea or an enterprise company looking to host your team in the heart of Pittsburgh's up and coming innovation district!

Our specialty is curating a community of entrepreneurs dedicated toward innovating for our future. Uniquely, we are not only a co-working space, we support and foster the global entrepreneurship ecosystem through our innovation centers and through the Pittsburgh Entrepreneurship Platform built on Passport, our global founder community and online portal for startup resources.

Included with every membership

Supporting startups where and when it matters most. PEP offers startups a city-wide resource network of mentors, investors, and learning content. PEP also offers Pittsburgh startups access to Passport, the world's most comprehensive digital innovation platform. Save on essential tools and services valued at over \$1M, across cloud computing, video conferencing, payments, CRM, sales tools, and much more. Connect with tens of thousands of like-minded founders supporting one another through shared experiences, advice, and networking.
