

WorkLife is your network  
of coworking spaces on the  
South Coast of NSW.

# Welcome Letter

Welcome to **WorkLife**, your network of coworking spaces  
right here in south NSW.

**WorkLife** is coworking designed for people who would rather work in a community than around the dining table. A **WorkLife** membership makes you part of our coworking community and gives you access to our spaces that are beautifully designed, fitted out with seamless technology and backed up by personalised service. All membership levels include reciprocal visiting rights to our partners at Work Club, one of the leading coworking spaces in Sydney and Melbourne.

With options for all working preferences and budgets, from coworking, your own dedicated desk or an exclusive office suite, we are confident we have a membership solution for you.

Best wishes,

Kate, *Founder of WorkLife*
